PROJECTS

HireScan | *Python, Pandas, Tkinter (Python GUI)*

- Built a Python-based intelligent search system using Tkinter and Regex to scan thousands of resumes and documents instantly through keyword or Boolean queries.
- Integrated folder-based document scanning with dynamic file path selection for easy desktop navigation and analysis.
- implemented CSV export functionality to allow recruiters to save and share shortlisted resume data seamlessly.
- Optimized file parsing with multi-format support (TXT, PDF, DOCX) to ensure high compatibility across document types.

EXPERIENCE

Intern

2025 – Present

Sopra Steria

Remote

- Developed a Python-based Resume Scanner to automate keyword matching across PDF, DOCX, and TXT files, improving resume shortlisting efficiency.
- Built an intuitive Tkinter-based desktop interface for recruiters to browse folders, set keywords, and visualize search progress in real time.
- Implemented CSV export functionality to generate structured reports summarizing match percentages and keyword frequency.
- Enhanced usability with progress tracking, color-coded results, and error handling for a seamless scanning experience.

CO-CURRICULAR ACTIVITIES

District-Level Badminton Player

2022

School Level

Gurgaon, India

- Represented the school at the district-level badminton tournament.
- Demonstrated athletic discipline, consistent training, and teamwork in competitive sports.

Gold Medalist – All India Mathematics Olympiad

2018

National Level

India

- Secured Gold Medal at the national level, showcasing strong logical reasoning and problem-solving abilities.
- Demonstrated excellence in quantitative aptitude and mathematical thinking.

NSS Volunteer

2023 – Present

*Chitkara University**Punjab, India*

- * Actively participated in community service initiatives, campus drives, and social outreach programs.
- * Promoted civic responsibility, leadership, and teamwork through various NSS activities.
